Casual Living

Ulysses Round Tables

The Ulysses range of tables has been designed to make outdoor entertaining a pleasure whatever your needs. Wide slats and a fully rounded edge to the table top lend this design its unique appeal. Ulysses tables are available in four sizes, the largest comfortably seating eight, and the smallest, four. Larger tables can be accessorised with lazy susan and parasol if required.

Klassica Rectangular Tables

The Klassica is a beautifully finished table with subtly curved outer edges and refined lines. Klassica tables are available in four lengths, the 2520 mm version will comfortably seat eight, the 2100 mm table easily seats six and the 1540 and 1640 mm Klassicas will also accommodate six. Structural strength is ensured by a bracing system designed to eliminate movement of the table top.

Argus Square Tables

Argus square tables are available in two sizes, seating either four or eight. This table has a wide edge and wide table slats, creating a smooth, seamless finish to the table top. The Argus is also built to last. A carefully designed leg system ensures that your furniture will not rock or warp.

Spacious and supremely comfortable, the Cupido range is designed to accommodate family living. This setting comprises an armchair, coffee table and a three seater lounge, and items can be purchased separately if desired. Cushions are both washable and U.V. resistant, and your Cupido setting is robust enough to withstand any punishment, be it in an indoor or outdoor environment.

A wide range of fabric colours and patterns can be viewed on request.

Imperial Pub Table

This two-tiered table is ideally matched by the sleek lines of the Imperial pub stool. Comfortably seating four, this setting will provide accommodating and stylish outdoor seating be it in a commercial or domestic environment. The additional lower tier adds to the practicality of this compact unit.

Lazy Susans

Azzurra lazy susans are available in diameters of 935mm and 745mm. With fully rounded edges and wide slats our lazy susans are specifically designed to complement the elegance of the Ulysses range of tables.

Eudora Sunlounger

This elegant lounger is fitted with heavy duty wheels, allowing for easy repositioning. The design incorporates a curved seat and contoured arm rests to ensure maximum comfort. The Eudora back rest can be reclined to four positions. Aluminium finishings complement the timber's warm tones and add to the contemporary feel of this design.

Planters

Our circular kwila planters are available in diameter 400mm and are built to last. A waterproof liner is recommended.

Every care has been taken to ensure that your Azzurra furniture is fully equipped to survive the outdoors. At Azzurra we aim to produce designs that combine style and elegance with endurance.

The Azzurra range is constructed from carefully sourced quality hardwoods with a well established reputation for durability and strength. Kwila, from which the majority of our products are made, is arguably the world's most durable timber. Selected Azzurra designs are also available in Manilkara, otherwise known as Northern Jarrah, an exceptionally dense hardwood with a distinctive rich, red colour.

Careful construction is of course the key to structural strength, and our manufacturing process combines the best techniques modern technology and old-fashioned know-how have to offer. We use mortise and tenon joinery alongside highly accurate machinery, and our designs are meticulously tested and modified until the highest levels of style, stability and comfort can be guaranteed. In fact we place five year structural guarantee on all our products.

No two homes are alike, and at Azzurra we believe it is important to provide a range of furniture that is flexible enough to suit your requirements whatever they may be. Tables and chairs are available in a diversity of shapes and sizes, and designs are interchangeable, allowing you to create your own combinations.

Equally important are the finishing touches. To guarantee a smooth finish, our components are sanded to perfection prior to assembly. Our stainless steel fasteners will not taint or rust under even the most punishing conditions, and aluminium components are anodised, giving a consistent, contemporary finish and preventing deterioration. Natural fibres are no match for the outdoors and Azzurra use Olefin, a polyolefin fabric designed specifically for outdoor use. Olefin fibres are 'solution dyed' to provide a U.V. protected yarn that is also fade and mildew resistant. Fabrics are easy to maintain, and can be cleaned using water and mild detergent.
